**Response to Notice to Comply with Requirements for
Sequence Listing under 37 CFR 1.821 - 1.825**

Applicants submit an amended Sequence Listing in compliance with 37 CFR 1.821 through 1.825 in response to a Notice to Comply mailed January 29, 2002. Pursuant to the duty to submit DNA and amino acid sequence in computer readable form, this affirms that to the best of my knowledge and belief, the sequence listing information recorded in computer readable form is identical to the written sequence listing. Please amend the application to include this amended Sequence Listing preceeding the claims.

In accordance with 37 CFR §1.821(a), I hereby state that the sequences contained in this Sequence Listing are supported in the application as filed. The paper copy and the computer readable copy of the amended Sequence Listing contain no new matter.

No additional costs are believed to be due in connection with this amendment. However, should any such fees be due, charge any deficiency or credit any overpayment to our Deposit Account No. 01-2315. A duplicate copy of this letter is enclosed. If there are any questions about this request, the Examiner is invited to call the undersigned attorney at the number provided.

Respectfully submitted,
